Huda Herr

It is my career goal to use my advanced education and developed skillset to be involved in an organization that can help me advance in my career; while I help them achieve any goals that they have set that requires my assistance. It is my hope to utilize the beneficial skillset I have developed throughout my professional career; but also, to learn, and use, new skills.

Graphic Design Intern

National STEM Honor Society

My duties include graphic design through the creation and development of marketing materials, social media, and web design. I work as part of a team and collaborate on real projects that are designed to spread the word about STEM and all the great services they provide the community.

2017-2022

Senior Designer

Angel Heart

My duties included helping design all promotional materials for Angel Heart and to use those designs in marketing campaigns to promote. This included advanced knowledge of the Adobe Suites products including Adobe Illustrator, Adobe Photoshop, and Adobe InDesign.

2010-2017

CNA

Golden Harmony

My duties included medical level care for elderly and disabled individuals. This is also a task for improving activities of daily living. I was a certified CNA.

2010-2011
A.A. Graphic Design
College America
3.9 GPA
Honor Society Inductee

2010-2011
Credits from Accredited College
Metropolitan State
3.5 GPA
Honor Society Inductee

2005-2008
Manager
Zozac & Women for Women, Iraq

My duties included operations and daily management of the organizations office in Iraq. We had to host events and educational platforms for the women in Iraq. We were fighting for women's equal rights. I worked directly under Zanab Salbi. My duties also included grant writing, promotion, and security tasks in Iraq and during travels to other countries.

2000-2005
Flight Attendant
Yamen Airlines

My duties were to provide quality customer service to all flight patrons during domestic and international flights. I was trained in safety precautions, flight safety, and customer care/services. My skillset included CPR, disaster preparedness, and prevention, as well as food prep and safety protocol.
